

SAILS Information

How can SAILS assist you or your family members?

SAILS helps individuals with any disabilities: mental, physical, cognitive, and sensory.

At SAILS, you can:

- Learn skills to become independent
- Meet other people with disABILITIES
- Receive information and referrals
- Learn how to advocate
- Learn how to volunteer at SAILS
- Be a part of our community

Our Independent Living Philosophy:

People with disABILITIES have the right to be treated with dignity and respect; the right to live and receive services in their own homes, and to decide for themselves what is the best for them.

Independent Living is different from other social services in that people with disABILITIES decide what services are needed and the best way to receive those services. This allows individuals more control over their own lives and leads to independence.
